Notes

The colour of the numbers in the far right column titled "Year End Projected Under / (Over)" represent the following;

Green Cells: For expenditure budget lines this means an underspend of the budget

Green Cells: For income budget lines this means more income has been received than was budgeted for

Red Cells: For expenditure budget lines this means an overspend of the budget

Red Cells: For income budget lines this means less income has been received than was budgeted for

WEYMOUTH TOWN COUNCIL

Major Variance Details

Service Area	Budget	Projected Outturn	Variance	Reason for Variance
Budget Holder: Tara Williams				
Cemeteries - Fees and Charges	57,580	51,822	5,758 Overspend	Based on comparing the income for the current year against the income received at the same point last year it is anticipated that income will be below budget. At this time it appears that less burials are taking place but this will be monitoring and projections revised over the coming months and an updated projection will be given at month 9
Parks and Open Spaces Staffing Account – Salaries	773,120	779,286	6,166 Overspend	The anticipated pay award has now been built in to the projections. The parks and open spaces team is a very stable team with very low staff turnover which results in a low vacancy factor figure. Therefore, the higher than anticipated pay award cannot be absorbed by amounts relating to vacant posts and hence an overspend is being shown. This will be adjusted within the 2023/24 budgets.
Nursery – Materials	11,120	26,120	15,000 Overspend	Additional materials are required to provide the hanging baskets as per the line below.
Nursery – Sales	4,000	20,995	25,000 Underspend	Additional income has been generated because of winning a tender to supply hanging baskets for the BID. This additional income will be offset by an increase in the materials expenditure (above) which gives a net surplus of £10,000.
Budget Holder: Tony Hurley				
Resort Management - Salaries	114,428	151,039	16,871 Underspend	The resort team has undergone a review and a new staffing structure is now in operation. There has been a number of vacancies during the year which has resulted in an underspend although the underspend is reduced by the higher than anticipated pay award. Redundancy costs have also been incurred which has reduced the overall underspend.
Resort Management - Casual Staff	59,750	102,861	43,111 Overspend	The HR Committee approved the use of flexible working hour contracts for seasonal staff and this has resulted in a saving to the council when comparing costs against agency staff that where used in previous years. The overspend on casual staff is offset in part by the underspend in salaried staff. The variance for these two lines would have netted off to near zero but the pay award and redundancy costs have reduced the underspend on salaried staff.
Resort Management – Town Mural Reserve	19,500	36,250	16,750 overspend	See line below. Net cost of both lines is zero.
Resort Management – Fees and Charges	5,000	21,750	16,750 Underspend	Additional income has been received from the Weymouth BID to help fund mural project. This is match funding to be offset against the final cost of the scheme and hence the net cost to the council will be zero (see also the budget line for costs coded against the Mural Reserve budget line).
Resort Management – Rents and Licences	260,510	240,510	20,000 Overspend	No income is anticipated during 2022/23 in respect of the promotional caravan. However, officers are looking at alternative income streams to help offset this loss of income.
Deckchair Operations - Fees and Charges	90,000	78,270	11,730 Overspend	Now that the summer season has concluded the Council has an understanding of the fees in respect of deckchair hire. The actual income is below budget but is consistent with the previous year. As part of the 2023/24 budget process the fees will need to be reviewed and the budget will be adjusted accordingly.
Events – Staffing Costs	74,870	45,406	29,464 Underspend	The events team are currently holding a vacancy. All staffing will be reviewed by the HR Committee as part of the continual staffing review and budget process.
Events – Hire of Land	12,000	18,600	6,600 Underspend	Dorset Council has increased its fees from £120 to £300 for the 2022/23 financial year. Therefore, for 62 days hire the costs have increased from £7,440 (62 \times £120) to £18,600 (62 \times £300).
Community Development – Staffing Costs	38,170	0	38,170 Underspend	The community development team are currently holding a vacancy. All staffing will be reviewed by the HR Committee as part of the continual staffing review and budget process. It had been assumed for budget monitoring purposes that an appointment would be made in the final quarter of the year but this was subject to change as a result of any review process. As at the end of quarter 3 this post remains vacant.
Public Conveniences – Staffing Costs	99,570	86,744	12,826 Underspend	There has been a long term absence within the cleansing team and this has resulted in a projected underspend in respect of staffing costs. This underspend is offset by the need to have additional casual staff as indicated in the line below.
Public Conveniences – Casual Staff	63,240	82,006	18,7766 Overspend	Additional casual staff have been need as a result of covering permeant staff as per above. As part of the overall review of the service a vacant post has not been filled and this budget has been vired to fund casual staff which allows much better flexibility during peak times and over the winter where less resources are required.

WEYMOUTH TOWN COUNCIL

Major Variance Details

Service Area	Budget	Projected Outturn	Variance	Reason for Variance		
Budget Holder: Charmaine Denny						
Catering Kiosks – Staffing Cost (including casual staff)	107,790	91,614	16,176 Underspend	Staffing costs/hours have been reduced to reflect demand throughout the summer. There is a direct relationship with staff costs and income received. There is also a saving as the Catering Supervisor post is now vacant, and there is no plans to recruit to this in the short/medium term.		
Catering Kiosks - Sales	264,300	-237,870	26,430 Overspend	Year to date the catering kiosks have seen a drop in income compared to budget; it is felt that this is due to the weather in the first part of the summer season, visitors having lack of disposable income due to the increase in living costs and also more people holidaying oversees due to not being able to do so over the last couple of years.		
Budget Holder: Clive Tuck	Budget Holder: Clive Tuck					
Tumbledown – Salaries	50,940	58,309	7,369 Overspend	The Tumbledown Site Manager started in post after the beginning of the new year and hence a saving was made on this post. The learning mentor post that was previously employed on an agency basis is now employed direct which is why the projection is showing as an overall overspend. However, this is offset by the savings showing under the agency budget. These budgets will be adjusted as part of the 2023/24 budget process.		
Tumbledown – Agency	16,200	0	16,200 underspend	The Learning Mentor post that was originally employed on an agency basis but they have left the role at the beginning of the year. As above this post is now employed direct and accounted for within the line above.		
Tumbledown – Fees and Charges	41,780	6,542	35,238 Overspend	Because the Learning Mentor left their position at the beginning of the year income has not been generated over the summer as anticipated. In addition the funding to be received from grants and contributions have not materialised. It is anticipated the income for tumbledown will need to be heavily scrutinised as part of the budget setting process for 2023/24 to understand how income can be generated in respect of this service.		
Budget Holder: Jane Biscombe						
Members - Members Training	6,000	250	5,750 Underspend	No training needs have need identified during 2022/23 that has needed funding. This budget has been reviewed as part of the budget process when setting the 2023/24 budgets.		
Central Operating Costs – Salaries	765,980	800,012	34,032 Overspend	The anticipated pay award has now been built in to the projections. This has meant that there is a projected overspend as the pay award is higher than budgeted for. The overspend has been offset in part by posts that have been held vacant to help manage the increase in costs. These posts cannot be held vacant long term as this will affect service delivery. However, all posts and associated costs will as always be reviewed as part of the budget setting process.		
Central Operating Costs – Equipment	4,000	12,000	8,000 Overspend	There has been an increase in equipment costs which will be one off costs that have occurred during the year. New IT equipment has been needed for new staff and extensions in respect of current equipment warranties have been needed. There has also been upgrades to existing IT equipment and office based equipment to ensure that staff have adequate equipment to meet their needs.		
Central Operating Costs – IT Support	21,000	26,000	5,000 Overspend	Additional support has been needed to ensure the council is protected against cyber attacks and other malicious attempts to access the councils systems. The support has involved providing an assessment when attacks have been made which includes locating the source of any attacks and ensuring no files or data has been compromised.		
Central Operating Costs – CSAS	30,000	25,000	5,000 Underspend	Council agreed to fund an additional £5,000 if Portland Town Council contributed £5,000. This has not been forthcoming and so the additional £5,000 has not been transferred to DC.		
Central Operating Costs – Investment Interest	1,500	25,000	23,500 Underspend	Increased interest rates along with officers being proactive in moving surplus funds to interest earning accounts has resulted in greater returns on investments being achieved. Interest rates will be continually monitored, and caution should be exercised when looking at future income budgets as interest rates may go back down depending on the economic environment.
