

With over 1850 hours of sunshine a year, you have arrived in one of the sunniest locations in the UK. Nestled along the Jurassic Coast, Weymouth is often referred to as England's Bay of Naples, and was said to be a favourite of King George III.

Winner of the Times Best Beach 2023 and Trip Advisor Top UK Beach 2024 there is a lot to like. From the crystal clear bathing waters to the award-winning gardens, history, art and sculpture trails. You can take a boat trip, walk around the harbour, or even catch the seasonal land train to transport you along the seafront to the South Harbour. Here you'll find plenty of bars and restaurants to enjoy food and drink al fresco. The town also has many unique shops and backstreets to explore, and the welcome is always warm and friendly.

Feeling active? There is deep sea diving, paddle boarding, kayaking, volleyball, cold water swimming, as well as the southwest coastal path to enjoy.

A popular holiday destination for centuries, Weymouth continues to offer a unique staycation experience where you can sample freshly landed fish and seafood, and a vibrant nightlife with plenty of live music options. As well as paddling in the sea or enjoying countryside vistas as far as the eye can see, Weymouth is also a fun place to be where fancy dress is commonplace.

Explore this leaflet for more information on Weymouth's exciting events and festivals, and why not **#visitweymouth** to create cherished memories in our picturesque town and seaside?
